Paa Nefer Medetaat
"The Beautiful Words"
1-45

1. Yaa, all of you who claim you know and call on our ancestors and in your many rituals you seek our loyal family members our bloodline, our genes.
2. You have testified that **PAA Nazdir: Amunnub-Reakh-Ptah** is here to bring in **RE-Har-Akhet Paa-Masuh**. He was born under the sign of **Khaf-RE** scarab, June, the symbol of the black beetle the coming into being as recorded in **Paa-Unas' Funerary Pyramid Texts**: *"They cause thee to come into being as RE, in his name of Khaf-RE, Khepri."*
3. **Khaf-RE, Khepri, Khepera**, the Black scarab beetle as seen as a mortal man with a scarab over his head and a large black scarab beetle sitting in the solar boat and rolling the sun disk as **Atum-RE** at dawn.
4. As recorded in **Paa-Unas' Funerary Pyramid Text**:
Salvation to thee Atum,
Salvation to thee, he who comes into being by
him self
Thou art high in this thy name high mound,
Thou comest into being in this thy name Khaf-RE
becoming one [§1587]
5. **Khaf-RE** meaning transformational power of **RE** is the sun at dawn on the **Eastern Horizon** or **Khaf-RE** passing on power to **Atum-RE** who transforms it into **RE-Har-**

Akhetwy the second of the two **Akertwy Lions** or **Cancer** the symbol in Ancient Egypt of **Dub** or **Khaf-RE** the **Denderah** sign of the **scarab**, the month of **June** time of the **Summer Solstice** which is followed by **Aker** or **Leo**, the **Lion**, or return of the **Leo Star Constellation** and the great lion **Paa-Ruwt**, the **Sphinx** will stand up again. The second return.

6. **Paa-Waabu** wa **Nebu** of **Amun-RE** combined his different forms to assert that **Atum-Khaf-RE** arises on the primeval mound in the mansion of the **Bennu** in **Annu** referring to **Amun-RE**'s journey through the hours of deep or darkness of **Anun Khaf-RE** and raises to his beauty into the body of **Nut** the **Sky mother deity**.

7. The workings of the Heavens is upon you now. The dawn or **Atum-RE** into **Atum-Khaf-RE** into **RE-Har-Akhet** or the rebirth of **Amun-RE** as **Paa-Masuh** is coming now. On **12-21-2012 A.D.** at dawn the **Ta "Temu"**, **Earth** lines up with **RE** and the **Black womb** or the **Galactic center** the **Black Hole**, the **5th Element**, **Nut**. If only you knew what has started at the **4th cycle** of **1993 A.D.** onto **2008-9-10-11 and 12 A.D.** there is much to watch around the world.

8. And **PAA Nazdir: Amunnub-Reakh-Ptah** is breath from us, our **Akh "ether"** to open the way. Why then did you all leave him to the hands of the wicked ones? Did you not sniff his fragrance of our soul; but elected to smell the putrefied odor of dead flesh. Did you not hear our voices come, by way of him? But elected to listen to this howling of the beast man. You gave him over as you did **2,000** years ago with **The Amen**, **Paa-Amun** called **Yashu'a**, you are lost.

9. Furthermore, you all testified that **Paa-Mugidud**, **The Reformer**, **re-newer** is in fact our **Master Teacher**, **The Man of the Hour**. Why then did you not hearken to our words, but followed the gibberish of the liars?

10. You also stated in your own words that you saw from **1970 A.D.** until you left, miraculous proofs to authenticate his identity. Why have you not helped him and seek illumination, transformation by these signs? But repudiated the perfect way of life **Wu-Nuwaupu**.

11. Moreover you asserted that we support him wherever he leads us, why then did you not seek enlightenment through all he came to give you? Neither today apprehend, even a spark from the brilliant intelligence we display by him for your salvation.

12. You also accepted as fact that we were the ones who inspired all his words and many schools what one man could have done such great works without our help. We guide his hand which held his pen and we held his heart in our hands, while you hugged his body. We did all this for you as a loving kindness to our offspring. Why then do you not beseech our loving kindness and search for our guidance? Instead you turn yourselves away from him to die at **Satan's** hands.

13. You have accepted that we **Paa-Nazdiru** were and are who inspire him and these very readings for you. Amazingly enough when some of you had the opportunity to listen to the readings that we conveyed your eyes overflow with tears. As a result of you knowing and feeling the loss of one such as he. Your very hearts exclaim it's truth is true.

14. Then you say, Yaa Paa **Nebu**, Yaa **Nazdiru**, we have trusted in him who you sent. We implore you, include us in the company of those whose entire life is still and has been truly committed to him.

15. We declare to anyone who rejects him and **Wu-Nu-waupu** the trustworthy way of life **Nuwaupu**, and becomes high and mighty and would rather have what this temporal world offers, that misery is your destiny but the infernal regions shall be your final destination.

16. We **Paa-Nazdiru** as **Amun-RE** declare to anyone who accepts him in truth, the true manifestation. **PAA Nazdir: Amunnub-Reakh-Ptah** who brings forth **RE-Har-Akhet, Paa-Masuh, Paa-Amun** as **Har** and exhibits such devotion through integrity of character and good works as **Nuwaupians** that he is saved from hell. He has truly found our saving grace, salvation, the ultimate reality. There is not much time left in this cycle. Do you realize this?

17. In this regard, it is important to overstand that the worship and feeding of our ancestors is a central component of our way of life. Not flesh or blood of dead animals; that is what lower forces seek, not us, in their ritual practices.

18. Now note from above the basic overstanding down to understanding of life, death, living feeding the forces, is reversed to the norm. You are born only to age and die. But from above you were dead or living as a **Baa "Soul"** only to be born or die as a **Kaa "Spirit"** to weaken and weaken birth into **Khat "Flesh"** and blood and the physical plane is, regardless as death, a reduction to a realm where in the individual's main purpose is to serve the needs of the wanting flesh.

19. Through taking, destroying, killing, which in some ways to some things, is a form of suffering to kill an animal to eat, chop down a tree to build a table and so on.

20. All ancestors who reside in the full glory of the **soul "Baa"** and on the **Akh "Ether"**, Eternal realm or plane. Overstand your dead existence you call living yet, as there is eternal they're truly living and you are dead until reborn in **Kaa** to **Baa** to **Akh**. So, physical birth is real death and it is only through the out-of-body experience and near death experiences wherein one is temporarily awakened.

21. It is through trauma, fear, terror, fright into the **Etheral** plane that one comes directly into merged ecstatic contact

with the family and truly lives for a moment. Yet, this fear can also bring pretending evil forces who can take the form you wish to see. This happens most to religious people seeking an image of an angel or **Jesus** or **Mary** or **Saints**; evil forces will receive them and say anything they believe to use their flesh - it's feeding forces.

22. But our deceased ancestors which reside within Geometric ethereal structures maintain, by way of our energy of love and attachment linked to our **Kaa "spirit"** and **Baa "soul"** from **Akh "ether"**, the unconscious emotional half, connected to memory formed and patterned upon death. The conscious, but without memory is carefully guided within a family body as in genes to a new infant recently born to a family. But if you seek to connect with genes out of your own bloodline as in the case of **Negroids** reaching for **Caucasians'** Spirit forces, or **Indian** spirit forces or **Chinese** spirit forces. That is their Gods or their bloodline born to another genetically aligned ethereal force. It can't happen, they will only open ways for disembodied forces to attack them or swoon them to use their bodies as you see in holy roller churches. When demons take over a person's body they foam at the mouth, their eyes roll back in their head, they start talking gibberish, fall on the ground, kick, the same as you see in voo doo rituals. They become possessed by outer forces who are not in tune or rhythm with their vibrating body. The result is what you see, they convulse, convulsions or violently shaking. They claim they received the **Holy Ghost** or spirit, but that would be as recorded in their own Bible a comforting spirit, a comforter. Not uncomfoting as what you become an eye witness to.

23. In this way, religions as compared to music retain their members within the same genetic **core** but not the same **code**. As you love music created by your own race you feel it:

it's called **soul music**. But **Caucasians** call their music **hard rock, heavy metal**, not **soul music** or **rhythm and blues**. We vibrate on different modes. If you find yourself liking their mode of non- rhythm, you are losing your soul to them. Reject it right off. Stop listening to it. Turn it off or you open a way for their evil disembodied forces to discomfort you forever.

24. Then they say **Jesus** died and will come again and if you say, do you mean reincarnation they say, no that's **Hindu religion**. So what do you mean by a physical man was killed or put to death, and his spirit left his body, gave up the Ghost and was dead; and will, as the same person, raise from the dead with a physical body that ate food, flesh, bread even drank wine and fish, who was touched felt physically by those he knew? This what their **Bible** and **Qur'aan** records. **Re** means "*again*" and **carnate** is "*physical*", to **re-incarnate** is to come back in a physical form; be it man, bird, beast. It means just that come back from the dead. This is what they teach in their Holy places. And call it resurrection to resurrect, restore to life, rising again, revival. So they deceive you to get your soul. Your faith in them, believe in them, trust in them. And lose your very soul and contact with your own.

25. It's not a coming back because only the body dies not the soul or the spirit and they are genetically aligned with your bloodline, your own race. The pattern of a bloodline's morphogenetic field, since the entry of individuals with a different genetic code such as **Caucasians** would force the field to change and evolve from **9-ether the highest** down to **6-ether**. At that level beings from lower vibrations demons can claim your **soul**.

26. **Religions** are all about **race tradition** having you accept their **cultures, dress, language, foods, symbols, music, holy books, gods**, keeping things the same and maintaining

the exact structures of their ethereal ancestral patterns to keep them existing by you; or once dead they would just disintegrate into nothingness, because they vibrate on such low levels. If there was no **black church**, there'd be no **soul**. The same with **African Muslims**. They bring **soul**; both are more devoted to these others' religions than the **Indo-Arabs** and the **Caucasians**.

27. Because each Negroid's emotion and devotion of sensation acted out with the physical body rituals of prayer and fasting and other stress translates to the spiritual world and each registers at a different frequency, rate or colour band in the **Human bio-energy field**, so the **Caucasian** and others, like **vampires**, feed off of your **emotions, soul**. And you feed their forces who need to keep you enslaved by blind faith through belief in their religions, but not question or seek facts, truth, that cuts the **ethereal cord** that they drink from like a strong drink through a straw, if you squeeze it, it collapses and the liquid can't pass through. The same happens with the ethereal cord. Once you start to check or question what you are "drinking", you squeeze the straw, and it cuts them and their powers off.

28. You cut it off at mid-level in the field because it is accompanied by a parallel **blue frequency** which is higher in the field and a **red frequency** which is lower in the field.

29. These polarized twin frequencies relate to **blue "breath"** and **red "blood"** or **spiritual** and **physical**, higher and lower, which created as a natural by product to physical linked to emotions, **calm -blue** to **stress- red**.

30. And are the basic etheric substances utilized by all in their trauma-based belief systems, **spooks, ghost, monsters, ghouls, demons**, and the **boogie man**. All kinds of **fear** that leads to **stress** is what they feed on and so they promote it all

day everyday to the public by **cinemas, music, wars, killings, rape**, over and over from the time you wake up each day until you go to sleep each night they push fear for stress. They can smell the **adrenaline** secreted from your glands. They need this to feel, so your fears feed their Gods and them. **Caffeine** they drink it as much as they can and as strong as it can be made. The same with **nicotine**. They push it on you. Let's go out tonight and party under red lights, drink **alcohol** or use other **intoxicants** and listen to loud high pitched tones called **music**. Let's stay out late when our bodies should be processing our **melanin**, seduce us to have sex, drain us of our true powers in all ways until we submit to **Dracula's** night life and become a **night walker**, who they feed off of as you become one of their **Ghouls** and you bring others out to them. You call it **just having a good time, fun, party, entertainment, jammin', hanging out**. It's his **demonic rituals** he wishes to spread world over. That's how he feels. Now he has many **black draculas or ghouls, Black devils** who deliver others to his evil world of sin in the name of pleasure, satisfaction, recreation.

31. All based on **fear, fright, trauma, a rush, excitement, challenge**.

32. Until you're dead, car crash, fight, drug-addicted, A.I.D.S., and this or that to a friend or family member. More stress, they feed off of that emotion.

33. These are built on two different levels or vibrations, which is seen as colours **Red** and **Blue** both are necessary as a link. The lower pain is **red, bloodshed**, it has a frequency reinforced and maintained from **stress** from the higher **blue**, as you stress, you begin to breathe faster and harder and by that feed their forces.

34. Upon dying, a being usually migrates into its blood-

line's morphogenetic pool or from his or her, own mind to our mental, which exists at many different frequency rates.

35. The soul is in fact dismembered into these frequency rates, shattering into its many different sub-spirits or sub-personalities, each of which resonates at a different frequency.

36. The pain-dominated and fear controlled **Kaa "spirit"** personalities migrate to the fields of higher or lower frequencies their blessed-out counter parts to the upper where they are stored in vast geometric patterns or limbo until their time to reincarnate or fade into nothingness.

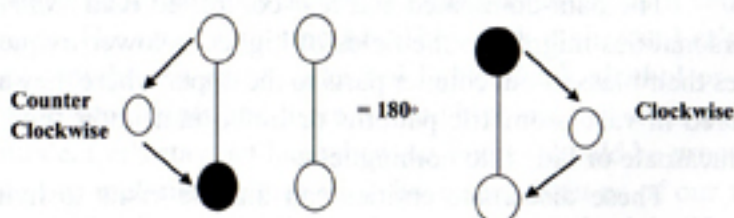

37. These discarnate entities can include visits to living people in forms they wish to see if they are between **7 through 9 ether or upper level**, it will be of their own bloodline elite; or from **6 through 1 ether or lower level**, it will not be of their own bloodline, but demons who are in effect the spirits who are trapped and feed off of higher level lost souls.

38. It's like an ethereal battery for them to boost their forces giving them your power or life forces.

39. They hide their **Satanism** under their religion **Christianity** or **Islam** and reverse the light of ignorance. To their God blinding light or fire is light and light is good or white. These groups serve you. Think **darkness**, dress in **black**. The **dark** and the corresponding ethereal entities that feed off the **blue** also feed off the **red** which is pain, fear, stress level frequencies. In fact, they serve both **dark** and **light** or **Black devils** and **pale devils** and **pale devils** utilizing these twin red and blue field frequencies. However, their carefully divided nature of their slave mentality ensures that they will never access and integrate these polarized realities, thereby escaping the ethereal battery syndrome and plugging directly into **Black devils** while they live.

40. Because the morphogenetic field also links a chosen

living bloodline member since all consciousness of a race activity and ethereal battery function is rotated counter clockwise for **Negroids** and clockwise for **Caucasoids** meet at a point in time. Then stored at 180 degrees from an individual's ordinary consciousness.

41. Those Negroids who lose their souls by submitting to **Dracula** are unlikely to be able to access any of it, much less begin the gargantuan task of healing and merging these polarized aspects of mental back with their own genes.

42. And so **RE-Har-Akhet's** program facilitates a race's basic purpose that of the directing of its energy, the life essence out of the physical plane where it engenders expanding consciousness and the welcoming of new and diverse life experience into the ethereal realm in order to feed predatory discarnate entities and the splinted tormented spirits of a race's ancestors.

43. Are you feeding their lustful forces with your lust are you feeding their greed forces by your own greed. Do you move right to left or do you move left to right?

44. Are you one of the **Black devils**, who opens the gate, for them to feed off of your own bloodline? Are you a **ghoul** of **Dracula**?

45. Do you feed the **6-ether forces** our family powers? Do you feed the lower forces our family liquids? Do you feed

them our joys, our loves, our family? Do you feed them our lives? Do you welcome them and their evils as a true way of life? Do you let them feed you their religions, their spookism, their ghost and fear of death and what will happen after? Do you stress for them? **Do you feed them?**

Without Beginning and Without Ending
